

EDU 120 : Technology for Teaching

Fall

This course is designed to prepare future and current teachers to select, use, modify, design, and integrate instructional and assistive technologies in the classroom. Experience in learning and using instructional technology such as email, PowerPoint, internet, database, spreadsheets, scanner, and various software packages will be addressed during the course of the class. These technology enhancements serve as an integral part of lesson development based on the national Education Technology Standards (NETS).
