

# PHY 115 : Physics (Algebra-based) II

Among the topics covered are thermodynamics, electric concepts, magnetic concepts, waves and atomic theory. This course is recommended for students wishing to transfer an algebra-based Physics course to a four-year institution; however, it is highly recommended that the student work with the transfer institution to ensure transferability.

**Credits** 3

## **Prerequisite Courses**

MAT 145

PHY 110

PHY 111

## **Corequisite Courses**

PHY 116
