

Health Professions - Paramedic

Degree Type

Associate of Applied Science

Program Description

The Associate of Applied Science Degree in Health Professions - Paramedic is a structured educational approach to preparing healthcare professionals that function in emergency medical services. Applicants must possess current Pennsylvania Certification as an Emergency Medical Technician. Paramedics provide advanced levels of care for acute medical problems and trauma. Coursework emphasizes scientific knowledge, clinical and field experience, and caring abilities in the role of pre-hospital medicine. Students complete 400 hours of classroom instruction, including 100 hours of skill laboratory time, and 500 clinical hours as part of the Conemaugh curriculum. Upon completion of the Conemaugh program, students receive a certificate and are eligible to sit for the National Registry EMT-P exam which serves as Pennsylvania's State Paramedic Exam. Earning the associate degree provides students with career ladder opportunities including the ability to pursue a bachelor's degree in emergency medical services or other health related professions.

The program is offered in partnership with the hospital-based paramedic program at Conemaugh Memorial Medical Center. The College provides classroom instruction and the hospital-based program provides specialized classroom and clinical experience.
